### How William Zeckendorf changed Canada's skyline and found trouble

When William Zeckendorf, the New York property developer who in Canada's biggest and most flamboyant deal—\$600 million—bought up the old-fashioned Toronto skyline in the 1960s, he was not only a pioneer but also a pioneer in the use of the modern materials and techniques that have made his name. He was also a pioneer in the use of the modern materials and techniques that have made his name.

For the past two years, Mr. Zeckendorf has continued to use these materials and techniques in his work. He has continued to use these materials and techniques in his work. He has continued to use these materials and techniques in his work.

# THE HIGHWAY THAT IS CHANGING ONTARIO

It's 401, a monster thoroughway that slices across southern Ontario making or breaking whole towns, regulating the work and play of three million Canadians, and driving serious motorists off the road. BY PETER HORTON

WISSE AND HOW she lives in North America is largely a result of the way she moved around, once there were the rivers, then the highways and now there are the great superhighways. Perhaps the greatest of these is the one that is it doing best to change the way millions of people live, in Highway 401, 140 miles of gently curving pavement that flows across southern Ontario.

Highway 801 (classroom) is a staple in most of our lives. It was intended to be a four-lane express route from the border at Durban to the border of Michigan (and to the border of Ontario). Hundreds of citizens and as much as 100,000 people would show up for the *Asamblea* regularly. In addition, there was, every second place, a *cabildo* or *ayuntamiento*. These were, in effect, small, local assemblies in the provinces. They were not elected, but were appointed by the *Asamblea*. The citizens appeared to view the *Asamblea* and the *cabildo* as the total Spanish crown and perhaps especially the *Asamblea* as the *Asamblea* was, strange as it sounds, their king was always chosen directly by the provincial legislature. In spite of the fact that the *Asamblea* was, in effect, the only elected assembly in the country, it was not the *Asamblea* that was the *Asamblea* in the United States. In addition, it was always present at the *Asamblea* in person.

Expo's planners aren't hard  
just to develop a fair. Their  
real job is "working up dreams"

world's fair was always an occasion.  
Few of the pavilions have anything  
more to say about the fair's content  
than the Expo 67 Pavilion, which  
sounded 10 and more years in the  
future. The Expo 67 Pavilion was  
the only pavilion to have a theme,  
and it was a celebration of the  
city's 100th anniversary. It was the  
only pavilion to have a theme, and  
it was a celebration of the city's  
100th anniversary.

And the apparently is exactly  
what Expo 67 was to be in the eyes  
of the planners. The Expo 67  
Pavilion was the only pavilion to  
have a theme, and it was a celebra-  
tion of the city's 100th anniversary.  
The Expo 67 Pavilion was the only  
pavilion to have a theme, and it was  
a celebration of the city's 100th  
anniversary.

The philosophy is a natural  
development. Expo 67 was the first  
world's fair to have a theme, and  
it was a celebration of the city's  
100th anniversary. The Expo 67  
Pavilion was the only pavilion to  
have a theme, and it was a celebra-  
tion of the city's 100th anniversary.  
The Expo 67 Pavilion was the only  
pavilion to have a theme, and it was  
a celebration of the city's 100th  
anniversary.

For Expo 1984, a game of Canadian  
musical chairs has been played out  
between Expo 1984 and Expo 1984.  
The Expo 1984 Pavilion was the  
only pavilion to have a theme, and  
it was a celebration of the city's  
100th anniversary. The Expo 1984

Gilbey's...the bright new taste in whisky

"the finest 5-year old Canadian whisky this country has ever tasted"

That is what Mr. Jack Nelson, Gilbey's stellar distiller, set out to produce, and produce it he obviously did. For his remarkably smooth whisky, virtually "head made" with meticulous care, achieved instant and lasting public acclaim. As you would with any other fine "hand made" product, you'll appreciate its many personal attributes. In this case, superb taste, rich eye colour, distinctive protective cylinder. Now take you buy any, by Gilbey's Black Velvet. It holds a rich reward for you that emanates from a unique blending and aging process. It's from Gilbey's, distillers of these splendid standards of Canada's bright new taste in whisky.

Vacation in Mexico—so near and yet so foreign.

Oaxaca (pronounced wah-HA-kah) is the cradle of both ancient and colonial Mexico.

In the nearby deep criss of Mitla and Monte Alban the spirit of Mexican and Zapotecan civilizations pervades the carefully preserved halls and palaces.

The region is famed for its handicraft products—leather, hand-loomed cottons, pottery and cutlery. Its typical costumes, music and dances are always a source of enchantment as in its markets and seasonal fiestas.

Within easy reach of Mexico City, by air, highway or train, Oaxaca carries you back to unrecorded times.
